

OSE Encounter Activities – Beetle, Fire (d30)

1	A fascinating sub-tribe: Nodule glow illuminates secret doors	16	Nervous from the undetectable odor of Gelatinous Cube
2	Attracted to a foul-smelling cave blossom's pollen	17	No apparent glow, glands work in the Infrared spectrum
3	Battling for mates/territory by yanking on each other's legs	18	Nosily nosing through leaf litter
4	Capable of making loud clicks that startle predators	19	Pulsating contentedly as they sniff around a Giant Rat carcass
5	Circling defensively around a glowing glove	20	Repeatedly stumbling as they try to scale a smooth surface
6	Combing through debris for tasty toadstools	21	Romantic attraction to torchlight leads to confused males
7	Extremely well-fed, nodules glow for twice as long	22	Scraping slimy mold from atop a pyramid of skulls
8	Feeding on tasty Oil Beetle larvae	23	Shoving detritus into cozy piles as part of the nesting process
9	Flashing a heliographic warning to predators	24	Skittish and likely to flee to the ceiling and disturb the Bats
10	Gnawing lichen off a large timber, possibly structurally important	25	Unbelievably docile, fitted with harnesses for portaging gear
11	Greedily devouring a pile of lumpy, rotten, etrogs	26	Unexpectedly alighting in very clumsy, collision-course flight
12	Ignoring a clutch of glowing eggs, the size/shape of watermelons	27	Unstartled by shrill shouts of Shriekers as they snack
13	In the glow of their glands, magic is undetectable by Detect Magic	28	Using forelimbs to drink dew from twitching antennae
14	Lugging luminous larvae to a new food source after a recent flood	29	Wounded by Rats and leaving a trail of glowing spatters
15	Meticulously munching mushrooms with mesmerizing mandibles	30	Zombified and aggressive due to parasitic Giant Wasp larvae

OSE Encounter Activities – Beetle, Oil (d30)

1	Being taunted by Blink Dog pups: Someone's going to get hurt	16	Recent sprays have revealed strange carvings on the walls
2	Blindingly bright in Infravision due to their chemical reactions	17	Ripping soggy chunks from a decaying log in search of grubs
3	Burrowing to escape a hungry Giant Toad	18	Roped/wrangled by Soldiers, devastating new siege weapon?
4	Circling a Magic-User with dagger, face covered in large pustules	19	Secretions of this species turn to toxic fog on air contact
5	Civily sharing a Fighter's corpse with a Rust Monster	20	Semi-tamed by an inquisitive Alchemist, expect food NOW
6	Coaxed by powerful pheromones to guard area with their lives	21	Slurping up rope-sized worms like spaghetti
7	Cornering a Cave Locust, moments from spraying	22	Sought by Beggars, as blisters make marks more empathetic
8	Devouring a Robber Fly with gusto	23	Startled by a breeze-blown cloth, spraying uncontrollably
9	Erupting up from the ground, on the hunt	24	Successfully blinding a hungry Giant Gecko
10	Flustered that their defense seems to fail against Giant Slugs	25	Surprising parents, dragging a dead Giant Bee to larvae
11	Injured from the recent raid of a Giant Ant mound	26	Tearing strips of flesh from the corpse of a Kobold
12	Knocking over barrels of brine and pickles and feasting	27	The spray of this sub-tribe: like napalm if it encounters flame
13	Lapping at sap from thick, gnarled roots	28	Traipsing victoriously over a pile of scorched Zombies
14	Patrolling a potential nesting ground	29	Tunneling carefully, their diggings lead to a new area
15	Preparing to defensively spray at a curious Giant Ferret	30	Twitching in a Giant Spider's web to an unblinking audience

OSE Encounter Activities – Beetle, Tiger (d30)

1	Antagonized by a column/tree trunk, continue to try and crush it	16	Occasionally raced for sport by denizens of the dark
2	Begrudgingly tolerating each other as they rest	17	Parading around a twitching Treant Limb
3	Chasing down a Crab Spider with spectacular speed	18	Reeling from a swift Mule kick, but closing in
4	Clicking huge mandibles, could bisect an Ogre at the torso	19	Ripping a weaker Beetle limb from limb
5	Collared with heavy iron chains, but alert and angry	20	Scrambling to escape from a hungry Rhagodessa
6	Devouring a huge Caterpillar, can't help but imagine the Butterfly	21	Shimmering iridescent green, might reflect some magics
7	Fast fliers, accompanied by a deafening buzzing sound	22	Staking out a path frequented by Driver Ants
8	Garishly striped, shells sometimes used as shields	23	Stock still and peering at shadows with bulbous eye stalks
9	Gobbling an unlucky Goblin	24	Tamed as Guard Beetles, Gnomish miners prospecting nearby
10	Hated by local shepherds, they've developed a taste for mutton	25	Thwarted by a defensively curled Giant Pill Bug
11	Ignoring and ignored by a group of Skeletons patrolling	26	Tug-of-war over a terror-stricken Troglodyte
12	Jerking violently to escape a constricting Giant Centipede's sting	27	Undeterred by the flailing tentacles of a Carcass Crawler
13	Laying long, sticky eggs in oddly uniform divots	28	Very odd, trying to communicate/writing: polymorphed Cleric
14	Mate-guarding to discourage other suitors	29	Voraciously gorging on Robber Fly larvae
15	Oblivious to larval burrows: Fanged Grubs ambush non-Beetle prey	30	Wrenching the fortunately greaved leg of a desperate Dwarf
